SETUP AND TRANSPORT FOR MODULAR BUILDINGS

Ameri-Fab's Setup and Transport division has filled the modular needs of the business community for over 22 years by providing both transportation and installation of any size modular structure.

ONE-STOP SHOPPING

With the capabilities to transport and set portable classrooms, sales offices, construction units, multiple complexes and two story modulares, consider us as the only source for all temporary and permanent modular structures you will ever need.

PROFESSIONALISM – THE BEST IN THE BUSINESS

Our setup and transport crews are competent, courteous and the best-trained in the industry. With over 15 setup, skirting and transport crews equipped with state-of-the-art equipment and heavy duty International trucks, no job is too large or too small.
